

FRESH, SUSTAINABLE AND LOCALLY CAUGHT FISH AT:

Lyme Bay Fish Shack

Left to right:
Fishermen Dan Colquhoun, Nigel Birt
and John Wallington at their retail outlet
at Miller's Farm Shop, Kilmington.

THE TWO BOATS THAT RUN FROM AXMOUTH HARBOUR, SKIPPED BY JOHN WALLINGTON (OUTCAST) AND NIGEL BIRT (KT-SAM)

Set up by two local commercial fishermen from Axmouth in Seaton. Their idea was to fish and catch sustainably in Lyme Bay and bring the fish direct from their boats to the Fish Shack and direct to the customer.

The Lyme Bay fish shack is run by a friendly local team. John Wallington has been in the industry for 15 years and is well known and respected as an excellent Bass fisherman and chartered skipper. Working along side him also is Nigel Birt. More recent to the industry, Nigel works as the fisherman's apprentice. Behind the counter at their shop at Miller's Farm Shop in Kilmington, Dan Colquhoun works as the team's fishmonger. He was bought up in the fishing village of Beer and has spent his whole life around the fishing industry.

Their fishing methods involve using rod and line and static gear, this means that the fish landed is in superb condition and any undersize fish are put back. The team catch a variety of fish including Bass, Pollack, Cod, Mackerel, Black Bream, Crabs, and Lobsters. They also work very closely with other local fishermen who supply them with hand dived Scallops, Plaice, Skate and Dover Soles etc.

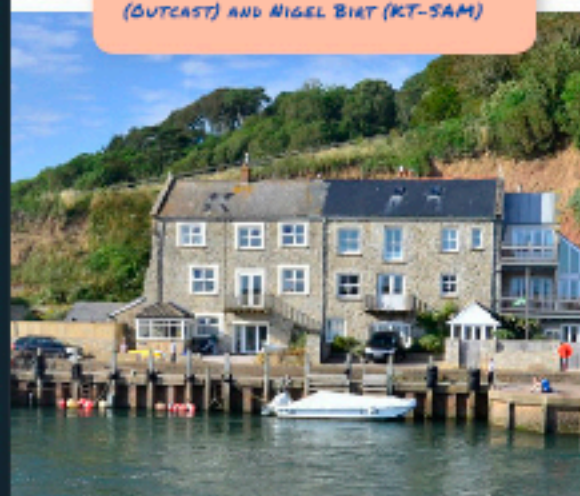

Nigel and John successfully fish Lyme Bay sustainably whilst also bringing the customer the best quality fresh fish at great prices.
